

MAJOR CHANDLER RESIGNS AS HEAD OF NEW YORK STATE POLICE

Tells Governor Miller He Feels Work of Creating Troopers' Organization, for Which He Was Chosen, Is Completed--Effective March 1 or Before--Term Does Not Expire Until Next Year.

By Telegraph to The Freeman.
Albany, Feb. 1.—Major George F. Chandler of Kingston, who organized the New York State Troopers in 1917 and has been at their head ever since, having been appointed by Governor Whitman for the term of five years, today tendered his resignation to Governor Miller in the following letter:

To his Excellency Governor Nathan L. Miller
My dear Governor:
Having been appointed by Governor Whitman to organize and establish a Department of State Police in New York, though my term of office does not expire until May 2, 1922, I feel that my work is not

I feel that I must from now on devote my entire energy to my profession, having been away from it a great part of the time during the past five years, on border service, World's War service, and state

The department is, I believe, a living human organization, well officered, uniformed, equipped and trained, and with a definite and tried policy.

Therefore I feel that I can now leave the organization with some degree of satisfaction.

I regret that I cannot serve under you, for I know that your efforts in this policy would be of great value to me.

I am, sir, always at your service.

Very respectfully yours,

GEORGE F. CHANDLER

SOCIETY NOTES.

Mrs. Emma Baldwin of No. 68 Elmore street, a resident of this city for many years, celebrated her 88th birthday on Monday, and was tendered a postcard shower by her host of friends. So anxious was she to read the postcards that she could not wait to find her glasses and read every card with her naked eye. In spite of her advanced age she is robust health, and takes an active interest in the affairs of life. Her large circle of friends wished

continued good health, and many more happy birthdays.

D. A. R. Meeting.

The regular meeting of Wiltwyck Chapter, D. A. R., will be held at the Chapter House on Thursday afternoon at 3 o'clock, preceded by

the local board meeting at 2 o'clock. The program will be in charge of Mrs. William M. Davis and Miss Margaret Merritt, and they will present to the Daughters, the Rev. Father Mabry, who will speak on "The Daughters of the Holy Father." He is the chaplain of the American Legion of the state of New York. The hostesses will be Mrs. Silas LeFevre and Mrs. Snyder.

Monday Club.
The Monday Club met on Monday

The Monday morning session at the home of Mrs. C. D. B. Haabrouck, Miss Munn had the paper for the day, her subject being, "The Women of Ellen G. White." This most excellent work, which made the author's book, "The Miller of Old Church," was followed by a review of Miss Glogowski's "The Builders," given

lecture, by Mrs. Arcene, and a résumé of the author's "Virginia," given by Miss C. C. N. Nunn. There was a discussion of next year's subject and the final vote on the same will be taken next week, when the club will meet with Miss Forsyth.

Sorosis.

This week Sorosis met in the afternoon at the home of Mrs. Wood, 82 Highland avenue. The club voted to instruct our senator and representatives that they oppose the Huron bill No. 50. Mrs. Verneon Hall only conducted the round table which was the program for the afternoon. There was a question box which proved very interesting. This was followed by the reading of several poems along the lines of work that Sorosis has been taking up for the last month, and there was planning vitrola solos. There next week the club will

prepared by Wanda. The proceedings under which it is hoped finally set aside the order of the mission, and the people will be informed through the time to time as to the progress made. At the same time their committees starting up in each of the city for the solicitation of funds to carry on the fight, and the names of the members of committees will be published in the Association extends to the citizens at large its heartfelt thanks for their attendance at the mass meeting last Wednesday evening and for support they are giving the Association, both moral and financial. Efforts to protect the people from corporate greed, and to each and every citizen who showed his interest in the protection of the rights of his fellow citizens by the vote he cast at the mass meeting the common council last Wednesday.

[illegible]

REMALE HELD UP.

W. Watson as referee on May 10 at the court house, did not take place. The property passed to the State of Texas under the will of John D. Baker and in his absence, by George L. Patterson, a son-in-law Mrs. Patterson's consent was issued ordering a new trial on this order. Mr. Watson on the

KINGSTON, N. Y., FEB. 1, 1921.

One man's meat is another man's poison. Western wheat growers say they face ruin, but New Yorkers are jubilating over the return of a "divine loaf."

Nova Scotia, Manitoba, Alberta and Saskatchewan will be dry after February 1, but New Brunswick, Quebec, Ontario and British Columbia will still stream moisture across the international boundary.

The Germans keep on saying that the conquerors demand the impossible, but it is noticeable that the impossible happens whenever the conquerors get busy and show that they mean business.

The woman member of the Kansas Legislature has introduced a bill to make wives employees of their husbands and entitled to damages for injury sustained during their household services. This hardly looks like the "equality" that has been demanded.

ALL VOTERS ARE EQUAL.

Addressing members of the New York State League of Women Voters while they were in annual convention at Albany last week, Governor Miller said:

Now I am not going to ask the League of Women Voters to disband, because it is none of my business. This is a free country, and any two or more people have a right to form any kind of a league that they wish, no long, of course, as they obey the law. But I do think that there is no proper place for a league of women voters, precisely as I should say there was no place for a league of men voters.

Governor Miller appears to be right on that point. When it comes to voting, all voters are equal. The vote of the woman counts just as much as the vote of the man. That is what the equal-franchise women's organizations asked for, that is what they received, by a majority vote of the men of New York state. Having become voters, why bring in the question of sex? The vote of the woman is received at the ballot box for the same reason as the vote of the man: because she is a human being, possessing the legal requirements of maturity, citizenship and residence. Everywhere she is entitled to active participation in political party management, which she enjoys, not because she is a woman, but because she is a voter.

It is apparent why there should be women's clubs, welfare leagues, co-operative, social or benevolent organizations exclusively feminine. It is conceivable why women should have organizations of their own within their own political party, but why a League of Women Voters? They are no longer looking for voting advantage because they are women. There are no advantages to be gained as women voters. Either the league is wrongly named or else it should be willing to explain why a League of Women Voters is necessary.

HELP THE UPLIFT.

A Worcester, Mass., college professor is making his first "workable model" of a rocket he expects to shoot to the moon. The propelling force will be skeleton powder arranged for successive explosions and the invention will be tried out next summer. There is also a device which will give off a flash which can be seen from the earth when the rocket strikes the moon.

It is kind of the professor not to shoot at the sun, which furnishes us with light, heat, health and energy. The moon merely exercises an influence on tides, poops and young lovers, although in older days it sometimes helped wayfarers to find their homes—a service no longer necessary under the lighted American coast and the Volstead Act.

Protested the rocket is aimed so it will not reach the destination Sunday night. It would be like to advertise in advance the time the flash may be expected, thus enabling neighborhood neighbors who could be enlightened by the flash to be on the scene and how we may wish to look on if the Sunday observation was intended in looking off of us persons.

Suppose the moon should be in "hazard"? Have we any right to contemplation and battery with various possible happenings? Remember

ought to start a humanitarian movement for their protection. Anyway, we should not forget that we have many points of vantage to and around Kingston from which to watch for the flash when the rocket hits. If we could get a distinguished lecturer for that night, we might run excursions for the occasion from all parts of the Hudson valley. Like the rocket such a meeting would be so uplifting.

WOULD WIDEN CHANDLER'S POWER

In an interview published in the New York World of Sunday, Former Governor Alfred E. Smith pays a high tribute to Major George Chandler of this city, superintendent of the state troopers.

Former Governor Smith's interview related largely to the vast amount of time which the governor of the state is required to devote to clerical detail which should be performed by some clerk or by one of the numerous deputies in the various state departments, and he also discussed the many occasions on which the governor is called to decide matters which properly should be decided by department heads.

Among other instances of the kind mentioned, former Governor Smith said:

"The act creating the state constabulary contains a provision that the constabulary are not to exercise their powers in case of strike or riot within the boundaries of an incorporated city without the consent of the governor. This provision operates to make the governor the police commissioner when troops are needed for the suppression of riots inside of cities."

"The result of this has been to cause the governor not only annoyance in the daytime, but at night. I was frequently called out of bed at night by the officials of small cities asking for the assistance of the state constabulary. In a great many instances their troubles were imaginary."

"I have in mind one, particular case where I was called up in the middle of the night by one official of the government of a city asking for the constabulary, and called up an hour later by another official of the same city advising me not to send them in. That made necessary a conference in the nighttime with the superintendent of the state police, and we satisfied everybody by sending the men there in citizen's clothes."

"The present state superintendent of police is a man of exceptional qualifications and with a good understanding of conditions generally throughout the state. Full power of directing the constabulary should be in his hands. The governor has performed all that he can perform when he makes the right kind of an appointment, and must, after all, rely upon the reports that come from the chief, having no independent force of his own and no means of making an investigation. It is a useless and senseless duty to impose upon the governor."

AT THE THEATERS.

"Madam X" at Opera House—Ethel Clayton at Keeney's.

Pauline Frederick in the role of the wife and mother who left husband and child for the love of another and who drifted from a home of comfort and luxury to the court room on trial for murder with her own son as attorney for the defense—that is "Madam X," one of the greatest emotional dramas in the last ten years, appearing at the Kingston Opera House again tonight and tomorrow.

Ethel Clayton in "The Digger of Lies," is the feature attraction at Keeney's tonight. Tomorrow Bryant Washburn in the comedy screen "What Happened to Jones," also the African jungle series, "The Son of Tarzan."

Ruck Jones in "Two Moons" is showing at the Auditorium tonight and is a thrilling tale of the west with this horseman at his best. Also programmed a Hallmark Boys' comedy. Tomorrow Edith Sterling in "A Daughter of the West," also Elmo Lincoln in "The Flaming Disc."

HIGH SCHOOL

(Continued From Page 1)

will be disbanded this year unless a suitable place for the public rehearsal can be secured. Neither the conductor nor members of the orchestra have ever received any compensation for their hours of rehearsing and concerts which they have given with a purely educational intent, their charges for admission to the evening concerts not so much as covering the expense of seats and advertising many times. They can no longer secure the High School Auditorium for either concerts or public rehearsals if admission to either is charged.

If you could suggest some way in which a more liberal interpretation of the school law could be gained for such educational matters, and in this particular instance so that the Federation could secure the Kennedys, you would not only be granting the Federation but the entire community a great favor.

Sincerely,

(Signed)

CLARA N. REED,
LAURA R. PALEN,
Educational Committee.

Judge Gilbert promptly replied as follows:—

The University of the State of New York
The State Department of Education
Albany

Frank B. Gilbert,
Deputy Commissioner and Counsel,
January 7, 1921.

Mrs. Clara N. Reed,
43 Crown Street, Kingston, N. Y.
My Dear Mrs. Reed:—I have your letter of the 5th relative to the use of the High School Auditorium for educational purposes outside of school hours. I have written the president of the board of education and am sending you herewith a copy of my letter. It is of course possible that this may not affect the situation. It is not within the province of the commissioner of education to order the use of a school building for any particular purpose except on an appeal from the action of the board in preventing such use. An appeal can only be brought upon verified petition, a copy of which must be served upon the board of education.

In case there is failure to satisfactorily adjust this matter, your only remedy will be to bring formal appeal. I am enclosing herewith a copy of the law and rules of practice relating to appeals to the commissioner of education.

Very truly yours,

(Signed) FRANK B. GILBERT.

Enclosed copy of letter to Mr. Flemming:

January 7, 1921.
H. H. Flemming, President, Board of Education, Kingston, N. Y.

Dear Sir:—The Federation of Women's Clubs of the city of Kingston has brought to the attention of this department certain regulations prescribed by your board of education as to the use of the High School Auditorium for educational purposes outside school hours. As you know, this matter is controlled by the provisions of section 465 of the education law. This section authorizes a board of education to adopt reasonable regulations for the use of school houses when not in use for school purposes. Such regulations should "conform to the purposes and intent of this section." They are also subject to review on appeal by the commissioner of education, as provided by law.

The particular complaint is that your board has prevented the use of the High School Auditorium for an entertainment to be given by Charles Rand Kennedy and wife, consisting of readings and certain portions of Dr. Kennedy's "Servant in the House." It is stated that under your regulation the auditorium may not be used for this purpose because an admission fee is charged.

The law does not prevent a use for meetings and entertainments where admission fees are charged "when the proceeds thereof are to be expended for an educational or charitable purpose." The fees charged, as I am informed, are to be used to aid in the support of your city library. There is no doubt about this being an educational purpose. There is, therefore, no doubt but that admission fees may be charged for this entertainment and that the use of the auditorium for such a purpose would be entirely within the intent of the law.

It is also indicated that under your regulations it has been impossible to hold the concerts of the Kingston Symphony Orchestra in the auditorium. It seems to me that this purpose is peculiarly an educational purpose. It is, as I understand it, for the advancement of the art of music and should be encouraged in every possible way by educational authorities. I do not think there is anything in the law that would prevent a charge of admission fees for the purpose of paying the necessary expenses of concerts to be given by this orchestra. I am acquainted with the uses made of high school auditoriums in cities and villages. I find that in most instances it is deemed reasonable to permit auditoriums in high schools to be used for purposes such as those herein described.

I do not care to unduly interfere in the performance of your duties. I am not attempting to leave any order or direction as to what should be done by your board as to the use of the High School Auditorium. The Commissioner of Education may not issue an order as to such matters unless an appeal is brought from your action as provided by law. When such an appeal is brought, after giving all the parties an opportunity to appear and defend, a decision will be made in accordance with the law and the facts. I am merely calling this to your attention for the purpose of section 465 of the education law. I am not in any way questioning the action of the Federation of Women's Clubs in respect to the two entertainments that are proposed.

Very sincerely yours,

(Signed) FRANK B. GILBERT.

It will be seen from the foregoing that Judge Gilbert did not render the fact that the Federation had written him before taking the Board of Education for the use of the High School for the Kennedys and in order to correct this misunderstanding, the regulations of the education com-

Miss Marie A. Kuhn, of New York City, and a graduate of Bryant High School, whom the Life Extension Institute has pronounced "the perfect girl" physically. Miss Kuhn is a real outdoor enthusiast. She has taken part in all the sports at Bryant High School, was a member of the basketball team and was a frequent visitor to the gymnasium. Miss Kuhn attributes her superb health largely to long walks. She has decided to be a kindergarten teacher. The Life Extension diploma gives the record of Miss Kuhn, as follows: Height 5 feet 4 1/2 inches; weight, 125 pounds; chest, 32 inches; girl, 31 inches.

MRS. FOWLER'S ANNUAL REPORT

As Secretary of Home For Aged
Chronicles Its First Year of Usefulness Limited Only by Capacity.

The annual report of Mrs. Everett Fowler, secretary of the Board of Managers of the Home for the Aged, which was submitted at the annual meeting held recently gives a very complete and interesting account of the work accomplished during the first year of the Home. This report of the work done shows the necessity of such a Home and the benefit received has only been limited by the small capacity of the Home which at the present time is filled and there are several names on the waiting list.

The report of the secretary follows: On January 15th, 1920, there met in the parlors of the building which was to be a Home for the Aged about fifty women who had been selected by the board of directors to form a board of managers.

The meeting was called to order by Everett Fowler, secretary of the board of directors, who explained the purpose of the meeting, read the by-laws of the directors and asked the ladies to elect their officers, with the exception of their president, who was to be appointed by the board of directors.

Mrs. Hyman Roosa was appointed temporary chairman, and the following officers were elected: First vice-president, Mrs. George Hutton; second vice-president, Mrs. John A. Snyder; third vice-president, Mrs. George Deio; recording secretary, Mrs. Everett Fowler; corresponding secretary, Miss Sarah Horton, treasurer, Mrs. W. N. Fessenden.

Temporary committees were then appointed to select a matron, to consider applications and to act as a reception committee.

The inspection of the Home was held on January 22nd. On this day the house thoroughly renovated, and freshly painted from cellar to attic, and completely furnished for twenty inmates was thrown open for inspection.

The reception began at two o'clock in the afternoon and lasted until nearly six. You all remember how the people came, in ever increasing crowds, the house being so crowded that it was impossible to get through and everyone that came brought some gift with them and at the close of the day when the gifts were counted almost enough groceries, fruit and vegetables were received to keep the Home supplied for the year, a goodly sum of money was received as well as quilts, towels and other necessary articles. Shurtz's orchestra furnished music for the occasion.

On January 19th a second meeting was held. Mrs. Hutton in the chair. The committee reported Mr. Hyman Roosa had been selected as chairman of the reception committee for inspection day. Mrs. John D. Schoonmaker as chairman of the matron's committee and Mrs. Virgil B. Van Wagenen as chairman of the application committee.

At the next meeting January 26th, it was announced that Mrs. Hutton had been appointed president, that the dedication of the Home would take place on February 1st at 3 p. m. All members of both boards were invited to be present, their families, the clergy and the press. As you remember these exercises were well attended, Admiral F. J. Higginson presided, assisted by the Rev. F. B. Seeley, the Very Rev. John J. Hickey, the Rev. F. W. Moot, the Rev. Mr. Bray and the Rev. J. T. Matthews.

Music was rendered by a quintet, composed of Mrs. Herman La Tour, Miss Sager, Mrs. E. S. Morris, Mr. LaTour and John Hall, with Harry P. Dodge at the piano.

Mrs. Fessenden having resigned as treasurer, Mrs. F. W. Warren was elected to succeed her. A committee to draw a constitution and by-laws was then appointed. Mrs. William M. Davis, chairman; Mrs. Philip Elting and Mrs. C. E. Hasbrouck.

The matron's committee read the list of applications and after carefully discussing each one, it was voted to have Mr. and Mrs. Joachim Davis, also engaged an assistant matron, Mrs. Smith.

At this meeting the kind offer of Mrs. Hayes and Mrs. Hicks was received to supply the Home with all the quilts needed. This has been done and the Home is greatly indebted to these ladies and all who helped by contributing materials.

It was decided to fix the annual dues at \$2 and to hold the regular meeting of the Home on the last Thursday in each month. At the fourth meeting held January 29, thirty-four members were present.

Mrs. Myron Teller was elected first vice president. The committee on by-laws report was read and accepted with thanks to the committee for their excellent work. Five applications were then approved. Mrs. Craig, Mrs. Salter, Mrs. Palmer, Mrs. Davis, Mrs. Barrett.

At the next meeting held February 5, Mrs. Short was given the room on the first floor at \$5.00. Mrs. Elmsdorf and Miss Sear were admitted and given rooms on the third floor. The price of the room on the second floor was placed at \$4.00. It was voted to allow guests at meals by paying a small price.

The next meeting held February 12 was called to consider the kind offer of Mr. Norwood to act as chairman of a medical committee, each to serve one month free. The offer was accepted with thanks. At this meeting also a communication was received from the officers and directors offering to do whatever work was necessary for the inmates free of charge, both of which offers were much appreciated and accepted with thanks.

At the following meeting Miss Ward, Miss McClure and Mrs. Simpson were admitted. Mrs. Douglas was accepted as the last member, thus filling all the twelve rooms. At a time \$2.00 were received from the B. A. N. toward buying an electrical equipment for the laundry.

At the August meeting Mr. Fowler appeared and suggested that it was time that plans were made for a donation day as the fall when the crops were harvested and it was possible for all the county to get into town. Committees were appointed to arrange interest throughout the county. It was decided to have October 11, in the afternoon, as the time and have a

place in each town in the county to receive contributions. You all remember how successful this was—\$850 in money being received, quantities of fruits, vegetables and groceries being received. As there was an over abundance of perishable fruit and vegetables, the supplies were divided between the Tuberculosis Hospital and the Industrial Home as it seemed only fitting that these worthy institutions should share in the bountiful harvest.

At the December meeting it was voted to provide some kind of a Christmas entertainment for the ladies. \$22.00 in money was received, a tree was given by Senator Walton, contributions of gifts, food and candy were received from merchants and friends of the Home, so that a very pleasant Christmas Eve was enjoyed. Small gifts were given to each lady and a remembrance to Mr. and Mrs. Davis and Mrs. Smith.

This brings to a close our first year, one of remarkable prosperity and happiness. We have had very little sickness. It being necessary to employ a nurse for one period of six weeks for our case of chronic illness. We feel that this is due to the excellent care and attention bestowed upon the inmates by our worthy matron and her assistants.

During the year the ladies of the Home had the pleasure of several delightful entertainments arranged by the chairman of that committee, Miss Helen Westbrook. These were usually composed of music, singing and dancing numbers, and at the close tea was served. During the summer these entertainments were suspended and the ladies were taken for an automobile ride each week through the kindness of William H. Ten Broeck. The reading committee of which Miss Lillian Bonesteel is chairman, have visited the Home each week and read to the ladies whose eyesight was too poor to read. Religious services have been held on Sunday afternoon, the different clergy of the city and county officiating.

The clothing of the ladies was carefully looked after by the committee for that purpose, Mrs. Charles Tappen chairman and anything needed for the comfort of the ladies was supplied.

Although the Home was completely furnished at its opening, as it began to be used we found as every housekeeper knows several articles such as a carpet sweeper, kitchen supplies, etc., were lacking and these were purchased under the direction of the purchasing committee, Mrs. F. B. Seeley chairman.

The applications were carefully investigated by that committee with Mrs. F. J. Higginson as chairman with the result that the Home is filled and we have a long waiting list.

We believe that the Home has clearly demonstrated its necessity and worth and it certainly has the confidence of their most generous support. In conclusion I would say that we have been most fortunate in securing the services of Mr. and Mrs. Davis and Mr. Smith and it is largely through their tireless efforts that we are able to make such a successful report.

GLASCO.

Glasco, Jan. 31.—Sam Bristoll has gone to New York to spend the remainder of the winter with his children.

A daughter, Eleanor Vivian, was born to Mr. and Mrs. Harry Brink on January 28.

The midweek meeting will be held at the home of Mrs. Herman Behlker Thursday evening.

The Rev. G. W. Grinton, district superintendent, expects to be here next Sunday evening and preach, celebrate communion and hold the last quarterly conference in the Methodist Church.

We were misinformed regarding Miss Dorothea Dangremont. She is not teaching in our school but is at her home in High Falls.

Charles Stalter spent Sunday with his family here.

Richard Morgan is visiting his mother, Mrs. Daniel Morgan.

Miss Gertrude Van Wart celebrated her birthday Saturday evening by entertaining the members of her Sunday school class and a few other young friends.

Kittie Blanchett of New York is a guest of Mrs. Ida Bridg.

Francis Roosa of Port Ewen was at Heinz's Sunday.

Miss M. A. Burhans of Kingston visited her niece, Mrs. Eva A. Heins, Friday.

Mr. and Mrs. David Whitaker and son, William, of Saugerties spent Sunday with relatives here.

Mrs. C. L. Gannon is visiting friends in Burlington, Vt.

Miss Mary F. Van Alen is quite ill at her home here.

ACCORD.

Accord, Jan. 31.—The name of the firm that is constructing the creamery is Ludke Brothers, not Ludwig Brothers as has been stated. A car of material arrived Friday and a start at construction work was made Saturday.

Harry Lawrence, Jr., substituted Thursday at Cadoola for Operator Degraff who was formerly the station agent at this place.

Mrs. Ella Smith who has been spending several days with Mrs. Webster Christiana and Mrs. Henry D. Gillespie, returned to her home in Schoharie Saturday.

Miss Nina Lester, daughter of Mr. and Mrs. Bert Lester of Kingston, has been spending some time with her grandmother, Mrs. Nelson Turner.

The two children of Mr. and Mrs. W. V. Knight are still quite ill.

Jacob Crawford of Walden was a visitor in town Saturday.

Several of the young men from here attended the basketball game at Ellenville Friday.

The Country Woman's Club held a business meeting at the N. R. passenger Saturday.

Sam Davidson has been spending several days at Walter Davidson's.

PALENTOWN.

Palentown, Jan. 31.—Mrs. Jennie O. Pallen is spending some time with her parents in Schoharie.

Mr. and Mrs. J. H. Decker of Schoharie spent Friday at the Pallen home.

Mrs. Sherman spent the week-end at her home in Schoharie.

The services were well attended on Wednesday evening. Mr. Thompson

A Hercules Will Do It

One farmer out of every three throughout the U.S. is now equipped with a gas engine to help him do his work. Running the separator, churn, corn sheller, thresher, silo filler, pumping water, obtaining water pressure, etc., is the work of the gas engine. We want you to enjoy this great labor-saver.

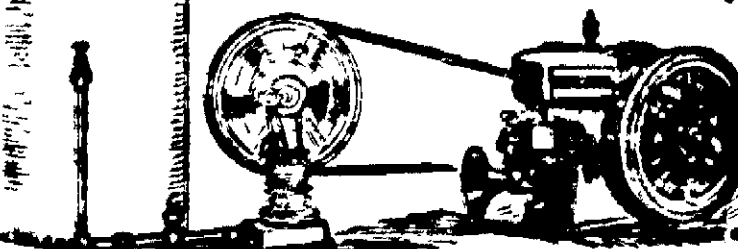

Built for Lasting Service

The Hercules line of gas engines with their tough and grooved base, wide bearings and high grade material cannot be surpassed anywhere. Mounted both in hand portable and horse portable, they are the handiest little power plant imaginable. A size to suit your requirements, and we can make terms to suit you, too.

Let us Show You the Famous Hercules Line

We can show you better than we can write it. And you must see the Hercules line to fully appreciate it. Drop in the next time you are in town.

Canfield Supply Co., Kingston, N. Y.

son gave a very interesting talk from the City of Kingston, in the County of Ulster, to the members of the second chapter of Hebrews. Services again February 3, at 7:30 p. m.

Miss Bertha Rastetter recently visited the Misses Esther and Anna Charter at Schoharie.

NOTICE IS HEREBY GIVEN that a public sale of the real estate of the County of Ulster, New York, will be held at the office of the County Clerk, at Kingston, New York, on the 15th day of February, 1921, at 10 o'clock, a. m., for the purpose of selling the real estate of the County of Ulster, New York, to the highest bidder, and the proceeds of the sale to be used for the purpose of paying the taxes on the real estate of the County of Ulster, New York, for the year 1920.

THOMAS C. COTTEWELL, County Clerk, Ulster County, New York.

NOTICE TO CREDITORS: In pursuance of an order of the Court of Sessions of the County of Ulster, New York, made on the 15th day of January, 1921, in the matter of the estate of Mary Augusta Cottewell, late of said County, deceased, all persons having claims against the estate of said Mary Augusta Cottewell, are hereby notified to present the same to the undersigned, the Executor of the estate of said Mary Augusta Cottewell, at his office, at Kingston, New York, on or before the 15th day of February, 1921.

WILLIAM W. SMITH, Executor of the estate of Mary Augusta Cottewell, late of said County, deceased.

NOTICE TO CREDITORS: In pursuance of an order of the Court of Sessions of the County of Ulster, New York, made on the 15th day of January, 1921, in the matter of the estate of Mary Augusta Cottewell, late of said County, deceased, all persons having claims against the estate of said Mary Augusta Cottewell, are hereby notified to present the same to the undersigned, the Executor of the estate of said Mary Augusta Cottewell, at his office, at Kingston, New York, on or before the 15th day of February, 1921.

WILLIAM W. SMITH, Executor of the estate of Mary Augusta Cottewell, late of said County, deceased.

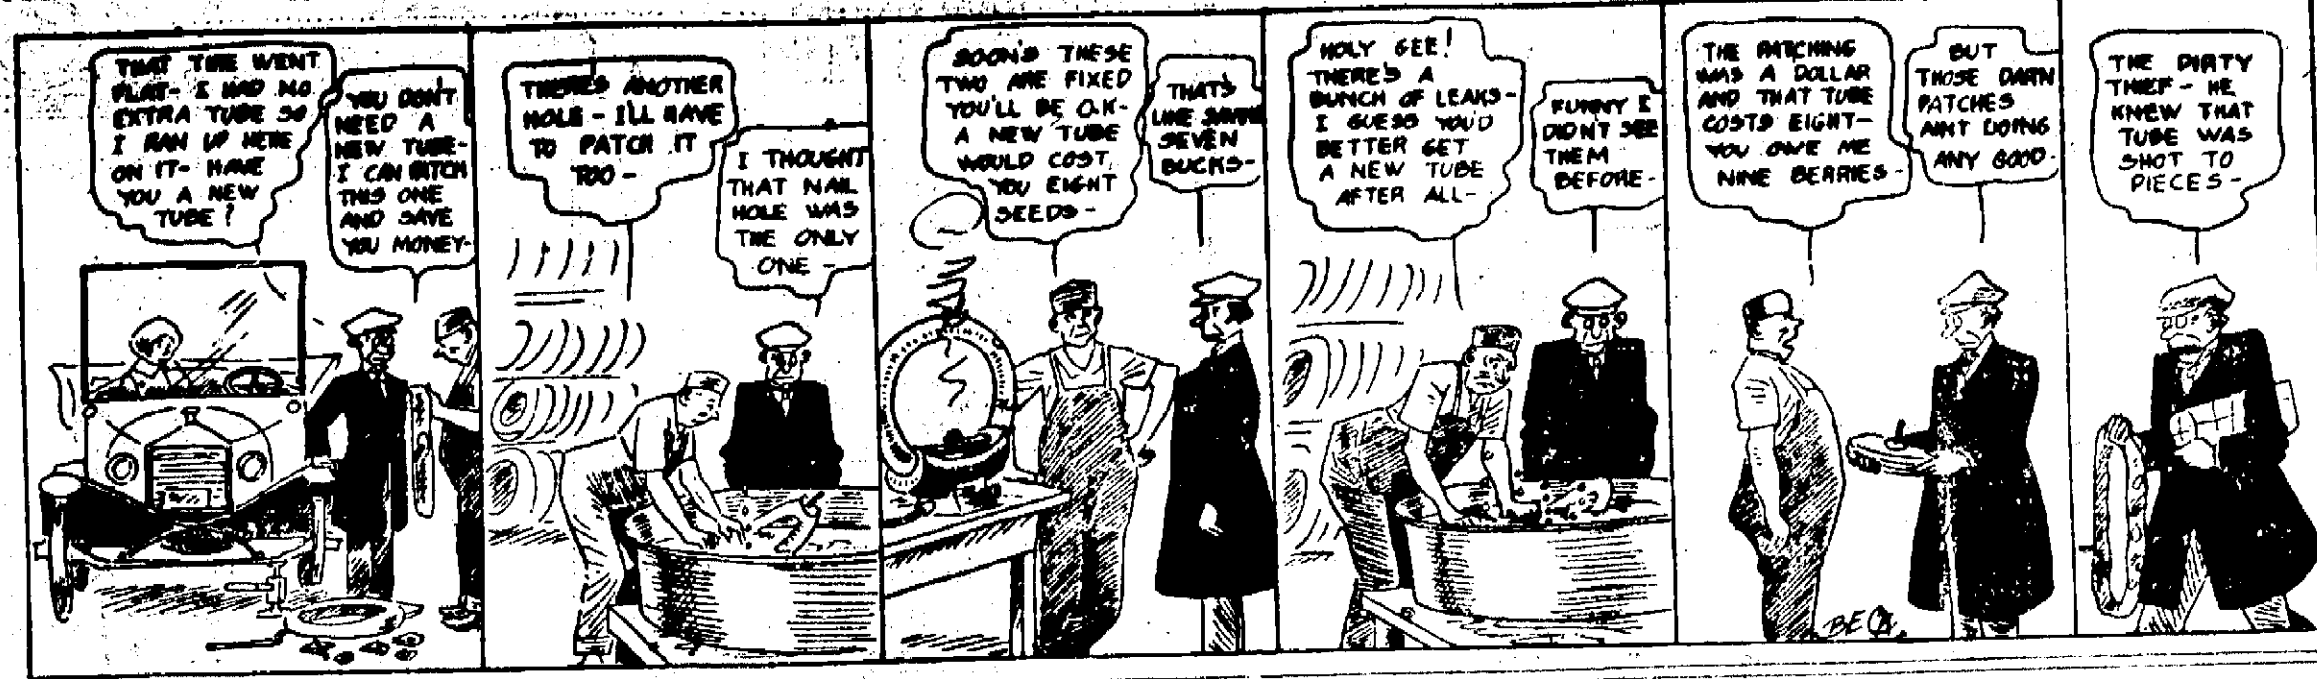

PROGRESS ON NEW CREAMERY

Artesian Well of 250 Feet Depth at Accord—Milk Situation Brighter for Producers.

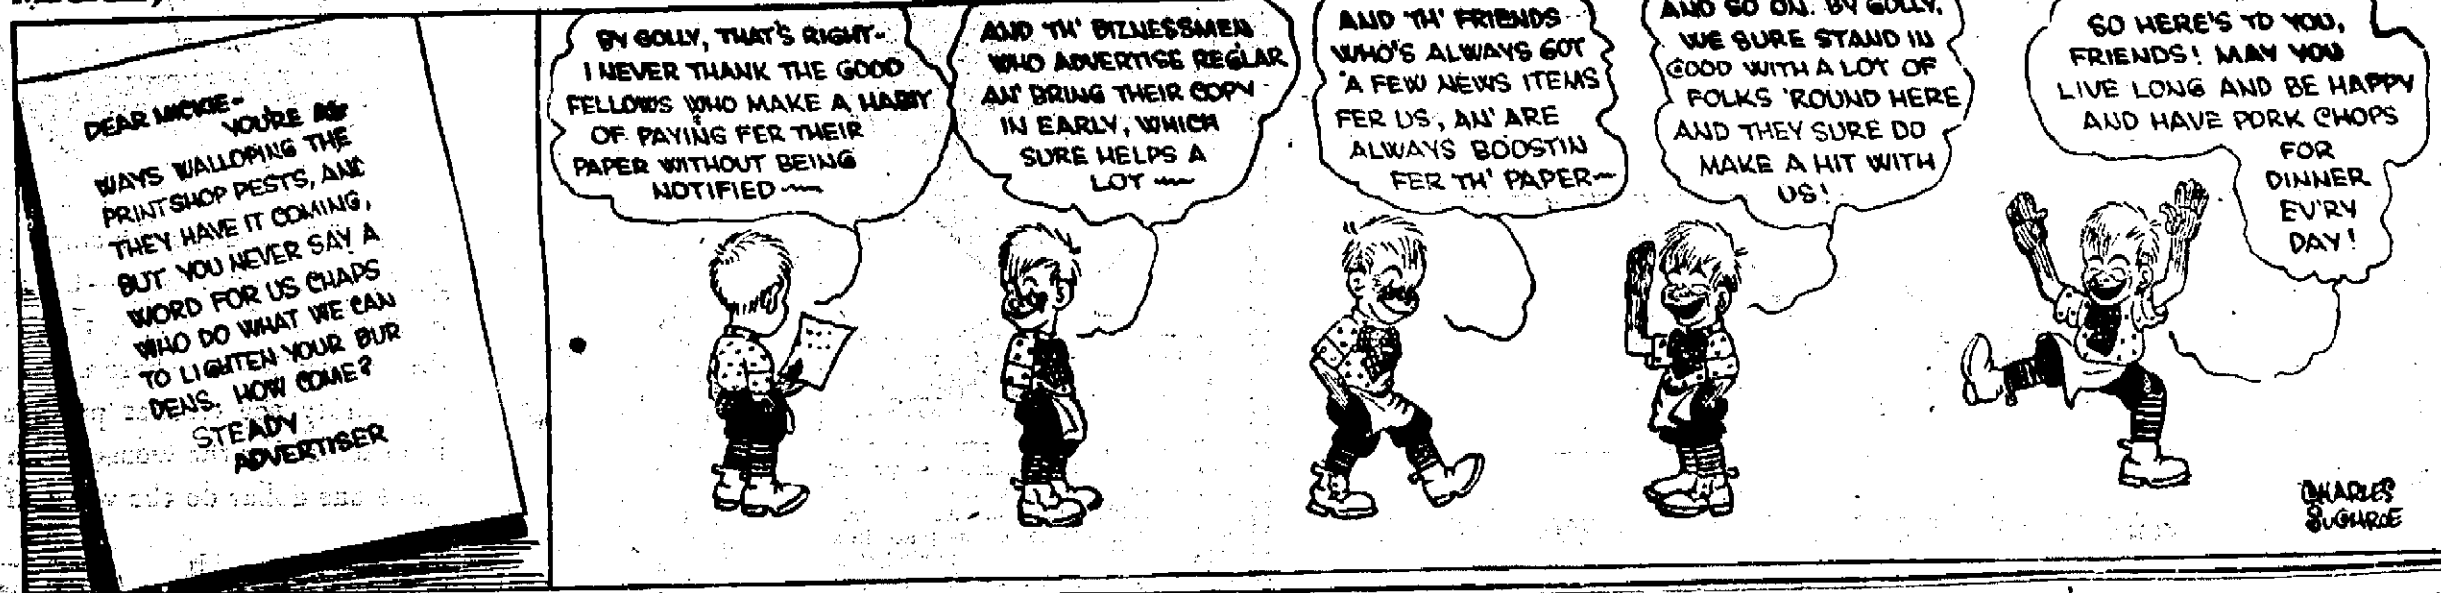

Things are moving along in good shape in the Rondout valley creamery at Accord. On January 22nd the well digger after drilling more than 250 feet through solid rock struck the finest artesian water ever found in the valley flowing out of the top of the pipe. The pump out of this flow would be sufficient to supply the first bid for the fact that the first bid was too high, the contract has been awarded to allow new bidders to come in. This resulted in a saving of some seven thousand dollars. The contract has now been let to the contractor who has already done considerable work for the new creamery and is favorably known to the people of the valley. His car of supplies has arrived, help in sufficient number has been hired and the work of excavating for the foundation has commenced. Arrangements have been made through local dealers for much of the construction material. Weather and shipping conditions favoring the creamery is promised to be finished at an early date. The general milk situation is looking brighter for the producer. Eight thousand pooling contracts have been signed which leaves only twelve thousand more to be obtained to get the pooling plan in operation. With the end so near the creamery is being signed in large numbers and it is hoped that the plan will become effective in the payments for milk. This means that no matter what creamery one delivers his milk to, so long as he is a member of the "co-operative," each member will receive the same price, subject to the freight and butter-fat difference. This means too, that the price can ask a higher price for the milk of their milk which is sold as milk than for the balance to be manufactured into butter, condensed milk and cheese and pool the returns and so obtain a higher general price than would otherwise be possible. Without the pooling contract with not one of the league milk sold as fluid milk, that milk without a sale would get the New York and other city markets at any price and so cut out the regular producers for those cities and so stable prices could be maintained in any of the cities.

The majority of the league members feel that for their protection all the pooling contracts must be signed as quickly as possible and the plan put in operation at the earliest possible moment and then for every member to stick to his organization will better times arrive in all business.

GAS BUGS—Did it ever happen to you?

MICKIE, THE PRINTER'S DEVIL

STATE INCOME TAX INFORMATION

State income taxpayers in Ulster county should file their returns with district director, J. Dupuy Hasbrouck at 518 Broadway, Kingston, N. Y.

Curious: Will the state bureau be governed by the recent decision of Judge Thomas in the Brewster vs. Walsh case in the district court of the United States for the district of Connecticut, holding that increased value in property was a capital asset and not income?

Answer—No. This decision was partly based on a provision of the United States constitution which is not paralleled in the New York constitution and of course is subject to review by the United States supreme court.

Albion: A tree fell down in my front yard and damaged my residence. As I cut down a number of others in order to prevent further damage, can I take out as a deduction the cost of their removal?

Answer—No. Such expenditures are personal expenses.

Traveler: I am unmarried; a resident of the state but for convenience support my mother who is living in Chicago with my married sister. What are my exemptions?

Answer—As you are not living in the same household with her your permitted exemption is but \$200 on account of her dependency, and you are also entitled to \$1,000 personal exemption.

Insurance: Having noted your recent ruling that insurance agents are taxable on renewal commissions and that such payment is not considered by the attorney general as fixed or determinable, why should this company be required to file information returns on forms 105 and 106?

Answer—You have confused the statutory requirements as to deducting and withholding with the information at source provisions. Form 105 requires information regarding payments of taxable income which, of course, includes all renewal commissions.

Bachlor: At Christmas time I became a "good fellow" and gave \$50 to a needy family for clothing. Is this deductible?

Answer—No. Only charitable contributions to associations are deductible. Those to individuals are not deductible.

Wall Street: Shall I use form 105 in making returns of information as to distributions from a trust fund to beneficiaries?

Answer—No. Form 205, the fiduciary information return, is the proper one to use under such circumstances.

Executive: Ten percent of my salary for 1920 was paid to an employment agency which got this job for me. Is this deductible as a business expense?

Answer—Yes.

Hogues: I paid \$84 during the year for pew rent. I understand that offerings to the church are with in the scope of charitable contributions. Does this also cover pew rent?

Answer—No. The amount paid for pew rent is not deductible.

Bonus: I am a railroad fireman and know that my pay from March 1st to the end of last year is taxable but I am uncertain as to how I shall treat a bonus which I received in June which, of course, was based on both 1919 and 1920 wages.

Answer—The bonus should be included in your taxable income for 1920.

E. A. R.: Are employees in the American Red Cross taxable on their salaries?

Answer—Yes. Their salaries are not paid by the government and are therefore, taxable.

OUR DAILY PATTERN.

A Becoming Blouse Suit.

Pattern 3308 is shown in this design. It is cut in 4 sizes: 8, 10, 12 and 14 years. A 12 year size will require 4 1/2 yards of 36 inch material. As here illustrated, white linen was employed, embroidered in green. Green, chambray, galatea, and suitings are also appropriate for this style.

A pattern of this illustration mailed to any address on receipt of 12 in coin or 10 and 20 stamps by the Pattern Department, The Freeman, Kingston, N. Y. Be sure to state the size wanted.

Catalogue Notice.

Send 15 cents in silver or stamps for our up-to-date spring and summer 1921 Catalogue, containing over 50 designs of ladies', misses' and children's patterns, a complete and comprehensive article on dressmaking, also some points on the needle (illustrating 20 of the various, simple stitches), all valuable to the true dressmaker.

UNION CENTER.

Dance Center, Jan. 31.—Mrs. Frank Van Wageningen and Mrs. Samuel Freer called on Mrs. P. H. Schenck Wednesday afternoon.

Mrs. Maud Wilson of Kingston was the week end with Miss Millie Wells.

The I. A. S. will hold its meeting at Mrs. George E. House's Thursday evening at 8:30 o'clock.

Mrs. P. H. Schenck and Mrs. H. Freer called on Mrs. Joseph T. Wells Thursday afternoon.

Mrs. Samuel Freer spent Thursday with Mrs. Melvin Berry at St. Mary.

Mrs. Martin Super was in Kingston Saturday.

Miss Freer called on Mrs. Arthur Slater Saturday afternoon.

Mrs. L. Freer and daughter, Mrs. M. Freer, called on Mrs. Chester Super Sunday afternoon.

Charles Zimmerman, Jr., spent Sunday afternoon with Miss Constance.

Mrs. William DeBolt is convalescing.

Mrs. and Mrs. Jean DeBolt of Kingston visited Mr. and Mrs. William T. DeBolt Friday.

Mrs. C. DeBolt spent Friday with Mrs. L. Van Kessel.

Shave, Bathe and Shampoo with one Soap.—Cuticura

Why Some Cars Run Better Than Others in Winter

How Gasoline Quality Affects Both Power and Cost of Operation

If you could look into motors while they are running, you would see one kind of gasoline come into the intake manifold as a fine mist, another as a heavy spray.

The fine mist gasoline is drawn right into the cylinders and burned up completely. Part of the heavy spray gasoline stays in the manifold, part is burned up, and the rest remains in the cylinder, dilutes the lubricating oil and forms carbon.

Unless your gasoline vaporizes readily in cold weather, you are compelled to use a rich, wasteful mixture which makes operation both expensive and unsatisfactory.

Socony Gasoline Vaporizes Readily

Socony Gasoline is a straight distilled gasoline, and so has a complete series or chain of boiling point fractions. This assures quick ignition and complete, clean combustion. Every bit of the fuel is converted into driving power, and your car runs smoothly on a light, dry, economical mixture. You escape, with Socony, the strong, offensive exhaust odors that are given off by inferior gasolines.

Socony is the Quality Gasoline

You can depend on Socony for high-grade, consistent performance. Our manufacturing plants are run under the most skillful and critical supervision, both as to materials, equipment and refining methods, with 50 years practical experience back of them.

Prove the Actual Economy of Socony

Now—while operating conditions are most unfavorable—drive up to any Socony Service Station. Fill the tank with Socony. Use nothing but Socony for the next two weeks, and notice the improvement in the motor's behavior—the easy starting and quick pick-up—the bigger mileage each gallon of gasoline gives.

Reliable, Obliging Dealers

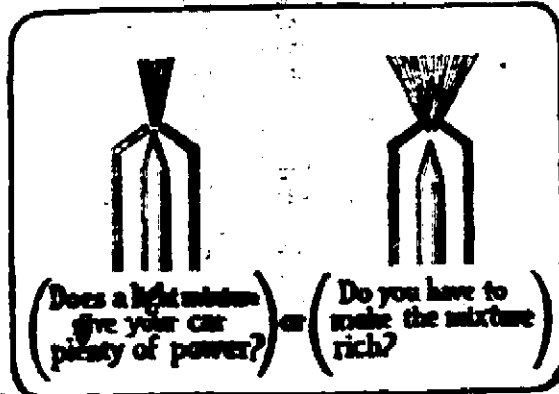

Socony dealers constitute the last link in the great chain of Socony service. They are always dependable, competent and obliging—glad to render the little courtesies that make motor service complete. Look for the red, white and blue Socony sign.
